

BUSINESS DEPOSITS MADE RIDICULOUSLY SIMPLE

Conveniently and securely scan checks from your office to deposit funds electronically into your Fidelity checking account. eZDepositor™ remote deposit for business means not having to drive to the bank to deposit checks.

- Save valuable time submitting deposits without leaving the office
- Save money avoiding courier runs to the bank
- Streamline the check depositing process with an easy-to-use, low maintenance solution
- Use for multiple office locations
- Enhance your cash management by submitting daily deposits
- Reduce time spent researching checks and deposits

SERVING ONE OR MANY

Whether your company has one or 100 locations, with eZDepositor™ checks can be scanned and deposited from each location into one or multiple accounts.

YOU DECIDE WHEN TO MAKE DEPOSITS

Since eZDepositor™ is ready for business all the time, you have complete control over when deposits are submitted. No more after-hours deposit runs so your employees and your deposits remain safe. You save time, money and the hassle of arranging courier runs.

INSTANT ACCOUNTABILITY & REPORTING

eZDepositor™ makes reporting and monitoring funds a snap. With deposit information available at your fingertips, cash management and deposit-control are more efficient.

SET UP IS A BREEZE
